

Yasuhiko Genku Kimura Seminars and Workshops I

For Individuals and Groups

Yasuhiko Genku Kimura's Individual and Group Consultations are all custom-made, tailored to each individual client's life issues and challenges, and developmental stage and requirements. The following are examples of seminars and workshops initially developed spontaneously.

1. Authentic Thinking for Creative Evolution

The creativity of the cosmos has created, among its infinite creations, human creativity, and this creativity is the essence of what it means to be human. This is the meaning, in the allegory of the Old Testament of mankind being "made in the image of God." When we realize this momentous truth, we also realize that fundamental cosmic laws and human moral principles become unified within a higher holistic perspective. — Yasuhiko Genku Kimura

Authentic Thinking for Creative Evolution (ATCE) is a 12 all-day session course designed to develop your capacity for **Authentic Thinking**—the mode of creative thinking that intentionally arises from the ground of your being and integrates the cognitive, affective, and conative functions of your consciousness—so that you become the master of your own creative evolution.

Through your participation in **Authentic Thinking for Creative Evolution**, you will fully realize that you are a singular cosmic destiny, and that you are a uniquely significant leading-edge of cosmic evolution.

Your evolution as a human being is a cosmic process and has an impact on the evolution of the field of consciousness which is resonant with the field of cosmic evolution. Thus, you become an authentic leader of humanity, enlightening the world with your own unique expression of cosmic humanity.

ATCE consists of 12 progressively deepening and expanding full-day seminars involving an in-depth study of the self and the universe from the evolutionary perspective. The participant is required to study classical and modern texts of Eastern and Western philosophy.

The results of your participation in **ATCE** include:

- Heightened ability for authentic thinking, leading to creative conscious self-evolution
- Heightened self-awareness and self-knowledge, leading to greater integrity and inner peace
- Heightened ability to live your life in accordance with your vision, passion and genius
- Higher integral knowledge of the self and the universe
- Greater development of your career, profession, or business

2. Thought Leadership for the New Era

A series of three workshops designed to empower and evolve the creative thought leader within you. The benefits of **Thought Leadership for the New Era** include:

- Activating your potential as a creative thought leader of the world.
- Learning how to be a powerful thought leader in this turbulent time.
- Learning how to communicate your vision and how to move people.
- Learning to master strategic thinking through the study of Sun Tzu's *The Art of War* (孫子兵法).
- Recognizing and realizing your authentic self and your singular destiny.

Thought Leadership for the New Era consists of three all-day workshop sessions plus two monthly online consultations and daily meditation practices. The reading list, beside *The Art of War* (孫子兵法), includes other leadership and philosophical classics from the East and the West.

3. Awakening the Genius Within

Mediocrity is self-inflicted; genius is self-bestowed. — Walter Russell

Awakening the Genius Within is a two-day workshop of self-discovery and self-realization. The intention of the workshop is three-fold:

- To discover the “master key” that unlocks your inner genius.
- To learn the secret of original and creative thinking.
- To start the process of living your life as a creative and contributive expression of your genius.

The experience of **Awakening the Genius Within** evolves and unfolds through the masterful use of Zen-like, Socratic dialogue based on original and penetrating questions concerning the nature and meaning of genius. It culminates in the self-discovery of the essence that unlocks one's inner genius.

Through participation in the **Awakening the Genius Within** workshop, you will understand the concept of genius better and also realize how to self-bestow the genius inherent within. It is expected that participants in the **Awakening the Genius Within** workshop will apply their know-how in the art of self-bestowing genius for their own development and for the education of their children.

4. The Passion Workshop

Man is to be found in reason; God in the passions. — G. C. Lichtenberg

The happiness of a man in this life does not consist in the absence but in the mastery of his passions. — Alfred Lord Tennyson

Deep and enduring passions arise when you are attuned to the individual creative vision that lays ready to be awakened in the depth of your heart. You experience enduring happiness by living from your true passion, by attaining and realizing your own creative vision.

The Passion Workshop is an inspirational two-day workshop through which participant discover and awaken their true passion in life and learn the art of developing their careers and life-paths in accord with their own sense of being.

The Passion Workshop is designed to:

- Awaken your own creative vision
- Awaken your deepest passions
- Teach the creative art of transforming your intention into reality
- Teach a system of strategic career development to construct your livelihood as a creative and contributive expression of your passion.
